

Global Trend for International Business Structure on Tax Planning

The hottest issue discussed among professional tax advisers and multinational corporations including listed company recently is the establishment of Macao Offshore Institution. With the FULL tax exemption allowance, it attracts many foreign companies in cutting either its customers or functions of operations towards Macao. If operated and maintained this Offshore Institution properly and effectively, it can indeed serve as one of the business process in "Cutting Cost" for the whole business group.

Please feel free to contact our colleagues if you are interested about Establishment of Macao Offshore Institution.
